MATTHEWS:</p> <p>9 Q Good morning, Mr. Faria. My</p> <p>10 name is Scott Matthews, I'm an attorney</p> <p>11 with the law firm of Windels Marx Lane</p> <p>12 &amp; Mittendorf. I represent the</p> <p>13 defendants in a lawsuit pending in the</p> <p>14 United States District Court Southern</p> <p>15 District of New York.</p> <p>16 Thank you for coming this</p> <p>17 morning. I sent a subpoena to you to</p> <p>18 compel your appearance at this</p> <p>19 deposition.</p> <p>20 Before we start I am just</p> <p>21 going to go over some of what attorneys</p> <p>22 like to refer to as the ground rules so</p> <p>23 that you can understand that.</p> <p>24 A Okay.</p> <p>25 Q The first set of guidelines</p>
<p>3</p> <p>1</p> <p>2 IT IS HEREBY STIPULATED AND AGREED, by and</p> <p>3 among counsel for the respective parties hereto,</p> <p>4 that the filing, sealing and certification of the</p> <p>5 within deposition shall be and the same are hereby</p> <p>6 waived.</p> <p>7 IT IS FURTHER STIPULATED AND AGREED that all</p> <p>8 objections, except to the form of the question,</p> <p>9 shall be reserved to the time of trial;</p> <p>10 IT IS FURTHER STIPULATED AND AGREED that the</p> <p>11 within deposition may be signed before any Notary</p> <p>12 Public with the same force and effect as if signed</p> <p>13 and sworn to before the court.</p> <p>14 * * * *</p> <p>15</p> <p>16</p> <p>17</p> <p>18</p> <p>19</p> <p>20</p> <p>21</p> <p>22</p> <p>23</p> <p>24</p> <p>25</p>	<p>5</p> <p>1 FARIA</p> <p>2 is, I'm going to ask questions. The</p> <p>3 court reporter is transcribing all of</p> <p>4 my questions, as well as your answers.</p> <p>5 So I would ask that you wait for me to</p> <p>6 finish before you answer, and I will,</p> <p>7 in turn, wait for you to finish</p> <p>8 answering the question before I ask</p> <p>9 another question.</p> <p>10 Is that acceptable?</p> <p>11 A Sure.</p> <p>12 Q If at any time I speak over</p> <p>13 you, please stop me and tell me that</p> <p>14 you haven't furnished and I'll</p> <p>15 certainly accommodate you.</p> <p>16 Is that okay?</p> <p>17 A Um-hum.</p> <p>18 Q Another guideline that we</p> <p>19 have is that when you answer questions</p> <p>20 the court reporter cannot take down any</p> <p>21 nonverbal responses such as nodding of</p> <p>22 the head or a hand gesture, so I'll ask</p> <p>23 that you answer audibly.</p> <p>24 Is that okay?</p> <p>25 A Sure.</p>

<p>18</p> <p>1 FARIA</p> <p>2 the IT consulting business?</p> <p>3 A Sixteen years.</p> <p>4 Q Sixteen?</p> <p>5 A Yes.</p> <p>6 Q Did you originally work for</p> <p>7 another company or have you always --</p> <p>8 strike that.</p> <p>9 A No, I've been --</p> <p>10 Q I'm sorry. When I say strike</p> <p>11 that it means ignore my question.</p> <p>12 A Okay.</p> <p>13 Q When did you first perform IT</p> <p>14 consulting services?</p> <p>15 A Four years ago when I started</p> <p>16 working for myself.</p> <p>17 Q And prior to that, what were</p> <p>18 you doing?</p> <p>19 A I was a senior systems</p> <p>20 administrator at an engineering</p> <p>21 consulting firm.</p> <p>22 Q What does a senior systems</p> <p>23 engineering administrator do?</p> <p>24 A A senior systems</p> <p>25 administrator is in charge of the IT</p>	<p>20</p> <p>1 FARIA</p> <p>2 Q Do you know whether or not</p> <p>3 Radiant Resources entered into a</p> <p>4 contract with XA to perform IT</p> <p>5 services?</p> <p>6 A I'm not sure what -- I'm not</p> <p>7 sure what happens on the Radiant side.</p> <p>8 I was contacted by one of the -- my</p> <p>9 contacts at Radiant that asked me to</p> <p>10 engage with XA through them.</p> <p>11 Q Is that contact Gary?</p> <p>12 A Yes, sir.</p> <p>13 Q What is his last name?</p> <p>14 A Ciliberto.</p> <p>15 Q What did he ask you to do?</p> <p>16 A He asked me that -- he had</p> <p>17 been contacted and he -- the XA in</p> <p>18 New York needed to have a -- some work</p> <p>19 done in their Hudson Street office.</p> <p>20 Q Do you know why he didn't --</p> <p>21 strike that.</p> <p>22 You performed those services</p> <p>23 and then were paid by Radiant; is that</p> <p>24 correct?</p> <p>25 A Yes, sir.</p>
<p>19</p> <p>1 FARIA</p> <p>2 infrastructure of the company.</p> <p>3 Q Okay.</p> <p>4 And for how long did you do</p> <p>5 that?</p> <p>6 A Ten years.</p> <p>7 Q Which company was that?</p> <p>8 A BMK Group and Birdsall</p> <p>9 Services Group.</p> <p>10 Q Are those companies</p> <p>11 affiliated with Radiant Resources?</p> <p>12 A No.</p> <p>13 Q Are they affiliated with XA?</p> <p>14 A No.</p> <p>15 Q Are they affiliated with CMG?</p> <p>16 A No.</p> <p>17 Q Are they affiliated with the</p> <p>18 Lakens?</p> <p>19 A No.</p> <p>20 Q Have you ever been a party to</p> <p>21 a lawsuit?</p> <p>22 A No.</p> <p>23 Q Have you ever been deposed</p> <p>24 before?</p> <p>25 A No.</p>	<p>21</p> <p>1 FARIA</p> <p>2 Q And Radiant charged XA for</p> <p>3 their --</p> <p>4 A I don't know how they got</p> <p>5 paid.</p> <p>6 Q So were you paid on an hourly</p> <p>7 basis or on a project basis?</p> <p>8 A Time and materials. Hourly,</p> <p>9 time and materials.</p> <p>10 Q Who did you initially work</p> <p>11 with when you performed services for</p> <p>12 XA?</p> <p>13 A My first visit to the XA</p> <p>14 office, Jean Wilson was there, David</p> <p>15 Tuma was there, and another associate</p> <p>16 of David Tuma was there, and Gary for</p> <p>17 the initial meeting.</p> <p>18 Q What was requested of you?</p> <p>19 A To set up a server, copier,</p> <p>20 verify SonicWall, Firewall rules back</p> <p>21 to the Chicago office.</p> <p>22 Q What do you mean by that, to</p> <p>23 verify Firewall rules back to the</p> <p>24 Chicago office?</p> <p>25 A There was a VPN in place from</p>

<p style="text-align: right;">22</p> <p>1 FARIA</p> <p>2 the New York office to the Chicago</p> <p>3 office in order to maintain the windows</p> <p>4 active directory domain and</p> <p>5 communication between the New York</p> <p>6 office servers and the Chicago office</p> <p>7 servers.</p> <p>8 <b>Q And what does VPN stand for?</b></p> <p>9 A Virtual private network.</p> <p>10 <b>Q So this is how people in the</b></p> <p>11 <b>New York office could communicate with</b></p> <p>12 <b>people in the Chicago office and keep</b></p> <p>13 <b>the communications --</b></p> <p>14 A Exchange files.</p> <p>15 <b>Q So that they could exchange</b></p> <p>16 <b>files?</b></p> <p>17 A Yes. I don't know what</p> <p>18 other -- I don't know what other</p> <p>19 services there were that they were</p> <p>20 using, the VPN particularly.</p> <p>21 <b>Q What other potential services</b></p> <p>22 <b>could it be used for?</b></p> <p>23 A Phones. Anything that can --</p> <p>24 needed to travel through an IT based</p> <p>25 network.</p>	<p style="text-align: right;">24</p> <p>1 FARIA</p> <p>2 on to do other things while David and I</p> <p>3 worked together.</p> <p>4 <b>Q Did you ever meet with Joseph</b></p> <p>5 <b>Wagner?</b></p> <p>6 A No.</p> <p>7 <b>Q Did you ever speak with</b></p> <p>8 <b>Joseph Wagner?</b></p> <p>9 A Yes.</p> <p>10 <b>Q Did you ever meet with Darren</b></p> <p>11 <b>Andereck?</b></p> <p>12 A Yes. I believe the first</p> <p>13 time I went to the New York office that</p> <p>14 he was there. I don't know -- it might</p> <p>15 have been just in passing or I saw them</p> <p>16 there. I didn't really have much</p> <p>17 interaction in my first visit with</p> <p>18 employees.</p> <p>19 <b>Q Have you ever had any other</b></p> <p>20 <b>interaction was Darren Andereck?</b></p> <p>21 A Not that I am aware of.</p> <p>22 <b>Q Have you had any interaction</b></p> <p>23 <b>with Jessie Lomma?</b></p> <p>24 A Again, these are employees</p> <p>25 that were there. I went -- in the</p>
<p style="text-align: right;">23</p> <p>1 FARIA</p> <p>2 <b>Q Who is David Tuma?</b></p> <p>3 A David Tuma, from what I</p> <p>4 understand, is from Tuma &amp; Associates.</p> <p>5 There are e-mails in my -- in what I</p> <p>6 sent to you. He was, from what I</p> <p>7 understand, the main IT person for Jean</p> <p>8 Wilson and XA Chicago.</p> <p>9 <b>Q He was based out of Illinois,</b></p> <p>10 <b>correct?</b></p> <p>11 A From what I understand, yes.</p> <p>12 <b>Q Did he appear knowledgeable</b></p> <p>13 <b>in IT matters?</b></p> <p>14 A Yes, sir.</p> <p>15 <b>Q Did Jean Wilson appear</b></p> <p>16 <b>knowledgeable in IT matters?</b></p> <p>17 A Somewhat.</p> <p>18 <b>Q How would you amplify that,</b></p> <p>19 <b>explain that?</b></p> <p>20 A I didn't have many</p> <p>21 interactions with her. She seemed like</p> <p>22 she knew some terms and some things,</p> <p>23 but she deferred to David to, you know,</p> <p>24 properly instruct me on the matters.</p> <p>25 She kind of linked us up and then went</p>	<p style="text-align: right;">25</p> <p>1 FARIA</p> <p>2 first visit I don't believe so, I</p> <p>3 believe in the second visit she was</p> <p>4 still there. And Jean had asked me to</p> <p>5 do some stuff on Jessie's computer.</p> <p>6 <b>Q Did you have any other</b></p> <p>7 <b>interaction with her afterwards?</b></p> <p>8 A No.</p> <p>9 <b>Q I have the same question for</b></p> <p>10 <b>Mike Day, D-A-Y?</b></p> <p>11 A Everything -- it's the same</p> <p>12 interaction with all employees.</p> <p>13 <b>Q Of XA?</b></p> <p>14 A Yes.</p> <p>15 <b>Q Have you ever met or spoken</b></p> <p>16 <b>with Estelle Pizzo?</b></p> <p>17 A That name is not familiar to</p> <p>18 me.</p> <p>19 <b>Q Okay.</b></p> <p>20 <b>Have you ever met or spoken</b></p> <p>21 <b>with Remigio, R-E-M-I-G-I-O, Gudin,</b></p> <p>22 <b>G-U-D-I-N. He goes by Remy?</b></p> <p>23 A Yes. I believe the first</p> <p>24 time I was there he was in the furthest</p> <p>25 office from the door. There was a dog</p>

7 (Pages 22 to 25)

<p style="text-align: right;">30</p> <p>1 FARIA</p> <p>2 flow easier for the New York employees</p> <p>3 and have a copy of files that they</p> <p>4 needed.</p> <p>5 <b>Q Is there a voicemail server?</b></p> <p>6 A I am not familiar with their</p> <p>7 phone system.</p> <p>8 <b>Q Did XA have backup systems in</b></p> <p>9 <b>place for their data?</b></p> <p>10 A The New York office had a</p> <p>11 disk backup system that was</p> <p>12 incorporated during the initial set-up.</p> <p>13 <b>Q What is that?</b></p> <p>14 A It had a drive and a slot and</p> <p>15 it had cartridges. And I installed</p> <p>16 that setup and backup program.</p> <p>17 <b>Q Prior to your going there, do</b></p> <p>18 <b>you know whether there was any backup</b></p> <p>19 <b>system in place?</b></p> <p>20 A I am not aware of any</p> <p>21 information prior to me.</p> <p>22 <b>Q When you got there you didn't</b></p> <p>23 <b>observe any backup?</b></p> <p>24 A The server was new to that</p> <p>25 location in New York, the one that I</p>	<p style="text-align: right;">32</p> <p>1 FARIA</p> <p>2 A Afterwards during my first</p> <p>3 interaction, I believe, with the Lakens</p> <p>4 I became aware of that.</p> <p>5 <b>Q What does that mean when</b></p> <p>6 <b>someone -- when a company migrates its</b></p> <p>7 <b>e-mail to the cloud?</b></p> <p>8 A It means that they had</p> <p>9 on-premises servers and that for</p> <p>10 whatever reason it was no longer</p> <p>11 feasible to maintain that service, so</p> <p>12 for typically better availability they</p> <p>13 migrate their service to a cloud</p> <p>14 provider such as Office 365 or Gmail.</p> <p>15 <b>Q What were they using?</b></p> <p>16 A WindStream.</p> <p>17 <b>Q Which is similar to Office</b></p> <p>18 <b>365 or Gmail?</b></p> <p>19 A Yes. It's an exchange based</p> <p>20 product so more in comparison to Office</p> <p>21 365.</p> <p>22 <b>Q When you have e-mail stored</b></p> <p>23 <b>on WindStream, are you able to delete</b></p> <p>24 <b>it?</b></p> <p>25 A As in that you need -- no,</p>
<p style="text-align: right;">31</p> <p>1 FARIA</p> <p>2 set up. There was nothing there that I</p> <p>3 am that aware of prior to that.</p> <p>4 <b>Q Who managed XAs network</b></p> <p>5 <b>configuration at that time?</b></p> <p>6 A I'm not entirely sure who had</p> <p>7 that responsibility. It was never</p> <p>8 revealed to me.</p> <p>9 <b>Q After you set-up the server,</b></p> <p>10 <b>do you know who had that</b></p> <p>11 <b>responsibility?</b></p> <p>12 A I don't know who was</p> <p>13 maintaining them on the day-to-day</p> <p>14 basis. I don't know if XA had an IT</p> <p>15 staff or if they were had contracting</p> <p>16 David Tuma to perform those tasks. I</p> <p>17 am not privy to that information.</p> <p>18 <b>Q Did you ever deal with an IT</b></p> <p>19 <b>staff other than David Tuma?</b></p> <p>20 A I did not deal with any other</p> <p>21 people in terms of IT except Jean</p> <p>22 Wilson and David Tuma.</p> <p>23 <b>Q Are you aware that in some</b></p> <p>24 <b>time in 2014, XA migrated its e-mail to</b></p> <p>25 <b>the cloud?</b></p>	<p style="text-align: right;">33</p> <p>1 FARIA</p> <p>2 you need to -- more detail.</p> <p>3 <b>Q Okay.</b></p> <p>4 <b>Explain to me how one would</b></p> <p>5 <b>delete e-mail that's stored in the</b></p> <p>6 <b>cloud?</b></p> <p>7 MR. LEHRMAN: Form. Vague.</p> <p>8 A You need more detail.</p> <p>9 <b>Q Is there a process by which</b></p> <p>10 <b>one can delete e-mail stored in the</b></p> <p>11 <b>cloud on Windstream?</b></p> <p>12 A Any -- so a user has access</p> <p>13 to whatever accounts he has access to.</p> <p>14 That user can delete e-mail through</p> <p>15 that access. An administrator has</p> <p>16 almost root access to the server, that</p> <p>17 administrator can delete mailboxes.</p> <p>18 <b>Q When you delete a mailbox,</b></p> <p>19 <b>what happens?</b></p> <p>20 A It's deleted.</p> <p>21 <b>Q It's deleted completely?</b></p> <p>22 A Yes.</p> <p>23 <b>Q Forever?</b></p> <p>24 A Depending -- again, so</p> <p>25 because it's an on cloud service even</p>

9 (Pages 30 to 33)

<p style="text-align: right;">34</p> <p>1 FARIA</p> <p>2 an administrator of that service never</p> <p>3 has full control of the servers.</p> <p>4 You're getting a tenant-based control.</p> <p>5 So when an e-mail is deleted -- when a</p> <p>6 mailbox is deleted, depending on</p> <p>7 what -- the backup that was setup and</p> <p>8 configured is the recovery points that</p> <p>9 are available. So if the e-mail box is</p> <p>10 deleted and no recovery points are</p> <p>11 available; then, yes, it is deleted.</p> <p>12 <b>Q And if that e-mail had</b></p> <p>13 <b>previously been backed up, then it's</b></p> <p>14 <b>available to be recovered?</b></p> <p>15 A From the point of time of the</p> <p>16 recovery, yes. If -- from the point of</p> <p>17 time of the recovery, yes, it can be</p> <p>18 recovered. If the user deleted e-mails</p> <p>19 prior to that point in time, those</p> <p>20 e-mails that were deleted prior are not</p> <p>21 recoverable -- from that point in time</p> <p>22 of recovery.</p> <p>23 <b>Q You said from the point in</b></p> <p>24 <b>time of recovery. I'm not as well</b></p> <p>25 <b>versed at all as you are, but it would</b></p>	<p style="text-align: right;">36</p> <p>1 FARIA</p> <p>2 mailbox.</p> <p>3 <b>Q I see.</b></p> <p>4 <b>And so do you know whether XA</b></p> <p>5 <b>had retention policies that would</b></p> <p>6 <b>prevent individual users who do not</b></p> <p>7 <b>have administrator privileges to delete</b></p> <p>8 <b>e-mail?</b></p> <p>9 A From my understanding of</p> <p>10 Windstream and how it was configured,</p> <p>11 users had full access to their</p> <p>12 mailboxes as it is instructed, and an</p> <p>13 administrator has full access to the</p> <p>14 system. There were backups that were</p> <p>15 set-up. But that's -- so there's</p> <p>16 administrator access and there's user</p> <p>17 access. So I don't know who initially</p> <p>18 had administrator access. You can</p> <p>19 assume that all employees had -- that</p> <p>20 had a mailbox had user access.</p> <p>21 <b>Q But not all employees had</b></p> <p>22 <b>administrator access?</b></p> <p>23 A Correct.</p> <p>24 <b>Q Who had administrator access?</b></p> <p>25 A From what I recall, David</p>
<p style="text-align: right;">35</p> <p>1 FARIA</p> <p>2 <b>strike me -- did you mean to say from</b></p> <p>3 <b>the point of time of the back up?</b></p> <p>4 A Yes.</p> <p>5 <b>Q Okay. Thank you.</b></p> <p>6 <b>Someone who doesn't have</b></p> <p>7 <b>administrator privileges cannot delete</b></p> <p>8 <b>e-mail that's in the cloud; is that</b></p> <p>9 <b>correct?</b></p> <p>10 A No.</p> <p>11 <b>Q It's wrong?</b></p> <p>12 A Yes. They cannot delete</p> <p>13 mailboxes. They can delete e-mail from</p> <p>14 whichever account they have access to.</p> <p>15 So you as Scott can go into your</p> <p>16 mailbox -- into your Outlook or</p> <p>17 whatever client you use and delete and</p> <p>18 manage e-mails there. Depending upon</p> <p>19 what the retention policies that your</p> <p>20 company has is a different story. So</p> <p>21 you can delete -- you have access --</p> <p>22 this sheet is your mailbox, you have</p> <p>23 access to anything inside your mailbox.</p> <p>24 Because you're not an administrator,</p> <p>25 you cannot just delete the whole</p>	<p style="text-align: right;">37</p> <p>1 FARIA</p> <p>2 Tuma had administrator access and Jean</p> <p>3 Wilson had administrator access and</p> <p>4 there was an ambiguous administrator</p> <p>5 account.</p> <p>6 <b>Q What does that mean?</b></p> <p>7 A It's just called</p> <p>8 administrator.</p> <p>9 <b>Q So you don't know who?</b></p> <p>10 A It's basically the God of the</p> <p>11 system, right? So whoever -- there's</p> <p>12 no real accountability in terms of</p> <p>13 who -- which individual logged in as</p> <p>14 that person -- as that user.</p> <p>15 <b>Q Did you conduct an</b></p> <p>16 <b>investigation to determine who had that</b></p> <p>17 <b>user privilege?</b></p> <p>18 A So we're fast forwarding to</p> <p>19 later on in 2014 when the Lakens</p> <p>20 contacted me and said, why are you not</p> <p>21 responding to our requests for</p> <p>22 assistance. And I said I have not</p> <p>23 received any requests until right now.</p> <p>24 And at that point I assisted them in --</p> <p>25 to regaining administrator access to</p>

3 there you -- in there I was able to run

4 some portion of an investigation that

5 somebody logged in as an administrator

6 created a Ron Burkhardt account, gave

7 Ron Burkhardt administrative access,

8 then logged off, logged back in under

9 the Ron Burkhardt account and preceded

10 to delete mailboxes from the system.

11 The IP from which the administrator

13 Ron Burkhardt account, logged out,

14 logged back in as Ron Burkhardt and

15 preceded to delete the mailboxes from

16 the server was the same originating IP,

17 a T-Mobile based IP 3G from the

2 Q Sir, I would like you to take

3 a look at what's been marked as

4 Defendant's Exhibit 2, which I'll

5 represent -- state for the record is a

6 series of documents produced by XA

7 bearing the Bates Number legend at the

8 bottom XA0629524 through 532, and then

9 534 through 539. And this has been

10 designated as confidential pursuant to

11 a court order. Let the record reflect

12 that.

13 Have you seen this before?

14 A No, sir.

15 Q Did you -- you see the

16 handwritten notes on the first page?

17 A Okay.

18 Q Is that your handwriting?

19 A No, sir.

20 Q Is this a document that you

21 printed out?

22 A No, sir.

23 Q Do you know what this

24 represents?

25 A Looks like logs of some sort.

40

1 FARIA

2 Q If you look at the first page

3 it says 9/25/2014. Log in

4 Jean@XTAGENCY.com.

5 Do you see that?

6 A Yes.

7 Q Is that, to your knowledge,

8 Jean Wilson's log in?

9 A Yes, sir.

10 Q And how do you know that?

11 A Because I have had e-mail

12 interactions with Jean before under

13 Radiant.

14 Q That was her e-mail address?

15 A Yes, sir.

16 Q And then if you go down you

17 see on September 17, 2014, it says

18 Windstream admin?

19 A Yes, sir.

20 Q Is that the administrator

21 account that you were referring to?

22 A Yes, sir.

23 Q How do you know that?

24 A It could be the administrator

25 account or a Windstream maintenance

2 person. I am not sure if it's one

3 other the other.

4 Q Look at the next page,

5 please. At the top it's September 16,

6 2014. And there's a -- looks like a

7 log in of

8 Aowens@CreativeITconsulting.com.

9 Do you see that?

10 A Yes, sir.

11 Q Do you know what

12 CreativeconsultingIT --

13 CreativeITconsulting.com is?

14 A That, from what I understand,

15 is David Tuma's company.

16 Q Do you know someone that has

17 the first initial A and the last name

18 Owens?

19 A I believe that's the

20 associate I met in New York with

21 Mr. David Tuma.

22 Q Is that a male or female?

23 A Male.

24 Q Do you know what his name is?

25 A I don't recall.

<p>46</p> <p>1 FARIA</p> <p>2 contact your IT administrator, your IT</p> <p>3 administrator goes to your active</p> <p>4 directory user account to reset your</p> <p>5 password. And when he tells you what</p> <p>6 this password and you are able to log</p> <p>7 in again, that's that service that ties</p> <p>8 around active directory.</p> <p>9 <b>Q And is any of the information</b></p> <p>10 <b>that's in the active directory stored</b></p> <p>11 <b>in the cloud?</b></p> <p>12 A Yes. That's where he deleted</p> <p>13 this from. So there's an on-premise</p> <p>14 active directory server, and there's</p> <p>15 some sort of sink agent to the cloud</p> <p>16 service. So either by deleting the</p> <p>17 account in the cloud directory -- so by</p> <p>18 deleting the account in the cloud</p> <p>19 directory, the sink service would then</p> <p>20 delete the account from the on-premises</p> <p>21 directory.</p> <p>22 <b>Q Okay.</b></p> <p>23 <b>As you go through these</b></p> <p>24 <b>numbered pages there are a number of</b></p> <p>25 <b>similar entries, correct?</b></p>	<p>48</p> <p>1 FARIA</p> <p>2 <b>Q Can you go to Page -- I think</b></p> <p>3 <b>it's two pages down, XA0629529.</b></p> <p>4 <b>Can you tell me what the top</b></p> <p>5 <b>entry refers to?</b></p> <p>6 A The top entry seems to refer</p> <p>7 that the user, Jean@EXPAgency.com</p> <p>8 logged in from -- at 9:15 in the</p> <p>9 morning of September 9th, 2014, and</p> <p>10 deleted a weekly back up of Remigio</p> <p>11 Gudin's mailbox.</p> <p>12 <b>Q How do you know that's a</b></p> <p>13 <b>weekly backup?</b></p> <p>14 A It says weekly user and a</p> <p>15 date .PST.</p> <p>16 <b>Q How do you know that's a</b></p> <p>17 <b>backup as opposed to a file that's</b></p> <p>18 <b>simply entitled Weekly Remigio Gudin</b></p> <p>19 <b>8/30/14?</b></p> <p>20 A It is a file in the</p> <p>21 Windstream servers that is a backup of</p> <p>22 that mailbox on August 30th, 2014, as a</p> <p>23 part of their weekly backup process.</p> <p>24 It is a -- it is a industry standard</p> <p>25 naming convention.</p>
<p>47</p> <p>1 FARIA</p> <p>2 A Yes.</p> <p>3 <b>Q For example, if you look at</b></p> <p>4 <b>page -- this is the bottom right,</b></p> <p>5 <b>XA0629527.</b></p> <p>6 <b>Do you see that page?</b></p> <p>7 A Um-hum.</p> <p>8 <b>Q If you look at the top?</b></p> <p>9 A Um-hum.</p> <p>10 <b>Q Mike at XPHC.com. And I'll</b></p> <p>11 <b>represent that I believe that that is</b></p> <p>12 <b>Mike Day?</b></p> <p>13 A Okay.</p> <p>14 <b>Q Do you know whether or not</b></p> <p>15 <b>Mr. Day was still employed by XA on</b></p> <p>16 <b>September 10, 2014?</b></p> <p>17 A I do not know.</p> <p>18 <b>Q Do you know whether -- at the</b></p> <p>19 <b>bottom here Jeff@EXPAgency.com, do you</b></p> <p>20 <b>know whether Mr. Jeff Smith was still</b></p> <p>21 <b>employed by XA on that date?</b></p> <p>22 A I don't have any information</p> <p>23 for employees whether or not they</p> <p>24 worked or when their last day workday</p> <p>25 at XA Agency is.</p>	<p>49</p> <p>1 FARIA</p> <p>2 <b>Q So I may have files that</b></p> <p>3 <b>refer to what I do on a particular week</b></p> <p>4 <b>that I date weekly Scott Matthew's</b></p> <p>5 <b>files; that's something different,</b></p> <p>6 <b>correct?</b></p> <p>7 A Yes. This is a PST file. A</p> <p>8 PST file is an offline version of an</p> <p>9 Outlook or exchange mailbox.</p> <p>10 <b>Q So does that suggest to you</b></p> <p>11 <b>that XA had a policy at this time to</b></p> <p>12 <b>backup user files on a weekly basis?</b></p> <p>13 MR. LEHRMAN: Form.</p> <p>14 A User mailboxes on a weekly</p> <p>15 basis, yes.</p> <p>16 <b>Q Is that consistent with your</b></p> <p>17 <b>understanding of XA's policy?</b></p> <p>18 A I do not know what XA's</p> <p>19 policies are. This is a reflection of</p> <p>20 whatever -- however the Windstream</p> <p>21 service was originally configured.</p> <p>22 <b>Q Can you go to Page 0629536.</b></p> <p>23 <b>This page has a record of</b></p> <p>24 <b>transactions occurring on September 9,</b></p> <p>25 <b>2014, correct?</b></p>

13 (Pages 46 to 49)

<p>50</p> <p>1 FARIA</p> <p>2 A September 10.</p> <p>3 Q I apologize. September 10,</p> <p>4 2014.</p> <p>5 A Okay.</p> <p>6 Q What is meant by the notation</p> <p>7 at the top under the source effected</p> <p>8 column where it says --</p> <p>9 A One second.</p> <p>10 Q Yes.</p> <p>11 A There's a discrepancy in the</p> <p>12 dates.</p> <p>13 Q Where is the discrepancy?</p> <p>14 A Well, you have -- Page 28 has</p> <p>15 September 10th, Page 29 has</p> <p>16 September 9th. Page 30 has</p> <p>17 September 9th. Page 31 has</p> <p>18 September 9th. Page 32 has</p> <p>19 September 9th. And then Page 34, which</p> <p>20 is two pages after 32, goes back to</p> <p>21 September 10th so there's a</p> <p>22 discrepancy in the pages and in the</p> <p>23 timestamps of the -- it just seems</p> <p>24 weird why it's out of order.</p> <p>25 What's your question about</p>	<p>52</p> <p>1 FARIA</p> <p>2 Jean Wilson logs in at 1:29. Jean</p> <p>3 Wilson logs in again at 1:32, Jean</p> <p>4 Wilson from one IP address, 74 dot 93</p> <p>5 dot 94 dot 169. That is one location</p> <p>6 where she's logging in from those two</p> <p>7 times.</p> <p>8 Q That's when -- when the</p> <p>9 account user Jean@EXPagency.com is</p> <p>10 logging in, correct?</p> <p>11 A Yes. Correct.</p> <p>12 So then at 2:11.19 she logged</p> <p>13 in from 172 dot 56 dot 13 dot 153.</p> <p>14 Q Well, Mr. Faria, I just want</p> <p>15 to ask you a question.</p> <p>16 A It's --</p> <p>17 Q Well, just give me one</p> <p>18 second.</p> <p>19 You don't know, as you sit</p> <p>20 here today, whether or not Jean Wilson</p> <p>21 actually logged in. You know that a</p> <p>22 user with the user account name</p> <p>23 Jean@EXPagency.com logged in, correct?</p> <p>24 A Yes. The user account was</p> <p>25 logged in, I don't know who's sitting</p>
<p>51</p> <p>1 FARIA</p> <p>2 Page 36?</p> <p>3 Q On Page 36 under the column</p> <p>4 source effected, it says hosting dot</p> <p>5 public dot data dot contacts dot</p> <p>6 contactIDinfo.</p> <p>7 Do you see that?</p> <p>8 A Um-hum.</p> <p>9 Q What does what refer to?</p> <p>10 A Again, you need to go further</p> <p>11 down to see where it starts. So you</p> <p>12 are looking at 2:21 p.m. and 58</p> <p>13 seconds. When you go further down you</p> <p>14 see that at 2:21 and 4 seconds</p> <p>15 administrator logged in from that IP</p> <p>16 address. Okay. That's weird.</p> <p>17 Administrators were logging in from</p> <p>18 different IP addresses. And Jean</p> <p>19 Wilson's account was logging in from</p> <p>20 similar IP addresses. Okay. Very</p> <p>21 confusing. Nonetheless there was a</p> <p>22 process of many log ins and</p> <p>23 modifications. So let's go back to --</p> <p>24 this looks about right.</p> <p>25 So if we go back to Page 37.</p>	<p>53</p> <p>1 FARIA</p> <p>2 behind the keyboard.</p> <p>3 Q Thank you.</p> <p>4 A So at 2:11 they logged in</p> <p>5 from the 172 IP address. Two minutes</p> <p>6 later the same account logs in from the</p> <p>7 64 IP address, and at that time they</p> <p>8 create an account called admin. Then</p> <p>9 administrator logs in roughly 50</p> <p>10 seconds later from the same IP address</p> <p>11 and makes changes on that contact.</p> <p>12 Administrator makes more changes to its</p> <p>13 own account. Then at 2:14.24</p> <p>14 administrator logs in from the same IP</p> <p>15 address as the first Jean Wilson user</p> <p>16 account was logged in from. Then</p> <p>17 administrator logs in from the same IP</p> <p>18 address that the second Jean Wilson</p> <p>19 user account was logged in from. That</p> <p>20 time at 2:21 and 4 seconds a Ron B</p> <p>21 account is created. Then 53 seconds</p> <p>22 later that Ron B account is logged in,</p> <p>23 it's given access to the administrator</p> <p>24 aspect of things, then we go -- that</p> <p>25 the Ron B account at 2:22 p.m. is then</p>

14 (Pages 50 to 53)

<p>54</p> <p>1 FARIA</p> <p>2 logged in from the IP address of the</p> <p>3 first Jean Wilson user account. At</p> <p>4 that point in time the Ron B account</p> <p>5 that was logged in from the second IP</p> <p>6 address location of the -- that Jean</p> <p>7 Wilson and the administrator account</p> <p>8 was created or administrator from</p> <p>9 proceeds to delete settings and then</p> <p>10 mailboxes and then users from the</p> <p>11 Windstream server.</p> <p>12 <b>Q Is that what you were</b></p> <p>13 <b>referring to earlier this morning?</b></p> <p>14 A Yes.</p> <p>15 <b>Q When we were talking about a</b></p> <p>16 <b>user creating a Ron B account and then</b></p> <p>17 <b>deleting --</b></p> <p>18 A Yes.</p> <p>19 <b>Q -- profiles?</b></p> <p>20 A Yes. The 172 IP address is</p> <p>21 a T-Mobile public IP address. I don't</p> <p>22 recall what the 64 IP address is.</p> <p>23 <b>Q What does T-Mobile public IT</b></p> <p>24 <b>address mean?</b></p> <p>25 A Meaning that the person has a</p>	<p>56</p> <p>1 FARIA</p> <p>2 assistant. It seemed the computers</p> <p>3 were there but there was a lot less</p> <p>4 people in the office, and I believe</p> <p>5 Jessie was there that day.</p> <p>6 <b>Q Do you know why Ron Burkhardt</b></p> <p>7 <b>was terminated?</b></p> <p>8 A I have no information as to</p> <p>9 why or when he was terminated from XA.</p> <p>10 <b>Q Let's talk about when you</b></p> <p>11 <b>went to the New York office on your</b></p> <p>12 <b>second time.</b></p> <p>13 A Okay.</p> <p>14 <b>Q When approximately was that?</b></p> <p>15 A We would have to go back to</p> <p>16 the e-mails that I sent you today to</p> <p>17 know exactly what the time and date was</p> <p>18 for that. I don't recall.</p> <p>19 <b>Q But you said that there were</b></p> <p>20 <b>computers in the office space, correct?</b></p> <p>21 A Yeah. There -- it looked</p> <p>22 like they were -- yeah, there were</p> <p>23 still computers -- empty desks and</p> <p>24 computers at those desks.</p> <p>25 <b>Q And there were chairs there,</b></p>
<p>55</p> <p>1 FARIA</p> <p>2 T-Mobile cellular service or hot spot</p> <p>3 and they're using it to access the</p> <p>4 internet. And that IP address is based</p> <p>5 out of Chicago -- Illinois. I don't</p> <p>6 know if Chicago was the actual</p> <p>7 geographic area.</p> <p>8 <b>Q That could be any person</b></p> <p>9 <b>using their hot spot?</b></p> <p>10 A That could be any person with</p> <p>11 a device with T-Mobile service.</p> <p>12 <b>Q Do you know when Ron</b></p> <p>13 <b>Burkhardt was terminated by XA?</b></p> <p>14 A I do not know when Ron</p> <p>15 Burkhardt was terminated. My second</p> <p>16 interaction with XA in the Hudson</p> <p>17 Street office, Ron Burkhardt and</p> <p>18 another person were there under -- Jean</p> <p>19 Wilson mentioned that -- Jean Wilson</p> <p>20 was there. So I met Jean Wilson and</p> <p>21 she said that the New York office and</p> <p>22 the Chicago office are splitting up.</p> <p>23 Ron is going to be spearheading the</p> <p>24 New York office. There was another</p> <p>25 lady there that was his administrative</p>	<p>57</p> <p>1 FARIA</p> <p>2 <b>correct?</b></p> <p>3 A Yes.</p> <p>4 <b>Q And there was office</b></p> <p>5 <b>furniture there, correct?</b></p> <p>6 A Yes, there was office</p> <p>7 furniture.</p> <p>8 <b>Q Just fewer employees?</b></p> <p>9 A By the look -- by my initial</p> <p>10 assessment, yeah, it was just emptier</p> <p>11 than -- a lot less hustle and bustle</p> <p>12 than the original time I was there.</p> <p>13 <b>Q It wasn't a crowded busy</b></p> <p>14 <b>office space?</b></p> <p>15 A Not anymore.</p> <p>16 <b>Q But there were desktop</b></p> <p>17 <b>computers?</b></p> <p>18 A Yes.</p> <p>19 <b>Q The Macs were there?</b></p> <p>20 A Some were there. I don't</p> <p>21 know. I did not take an original</p> <p>22 inventory of my first trip to the XA</p> <p>23 office, so I don't know whether or not</p> <p>24 everything that was there when I</p> <p>25 originally went there was there when I</p>

15 (Pages 54 to 57)

<p style="text-align: right;">58</p> <p>1 FARIA</p> <p>2 went there for the second time.</p> <p>3 <b>Q Did it appear to you at the</b></p> <p>4 <b>time that things were missing?</b></p> <p>5 A Not to me.</p> <p>6 <b>Q Is it a common practice to</b></p> <p>7 <b>delete user profiles when people are no</b></p> <p>8 <b>longer employed?</b></p> <p>9 A Not without first taking a</p> <p>10 backup of them, from my own personal</p> <p>11 experience.</p> <p>12 <b>Q Do you know whether or not</b></p> <p>13 <b>backups were created with XA?</b></p> <p>14 A I don't know if --</p> <p>15 MR. LEHRMAN: Form. Vague.</p> <p>16 <b>Q Do you know whether or not</b></p> <p>17 <b>backups were created prior to e-mail</b></p> <p>18 <b>profiles being deleted?</b></p> <p>19 A You are talking about two</p> <p>20 different things. Are we talking about</p> <p>21 desktops or e-mails or desk top</p> <p>22 profiles?</p> <p>23 <b>Q Okay.</b></p> <p>24 <b>Have you heard of -- heard</b></p> <p>25 <b>that -- strike that.</b></p>	<p style="text-align: right;">60</p> <p>1 FARIA</p> <p>2 your firm dot one or Windows marks.</p> <p>3 There's a guest -- just an account that</p> <p>4 exists -- an active directory that's</p> <p>5 typically if anybody that is not from</p> <p>6 within the enterprise or if somebody</p> <p>7 just needs to have quick access to</p> <p>8 something, like a publicly known user</p> <p>9 name and password for access to the</p> <p>10 infrastructure.</p> <p>11 <b>Q And what was your response to</b></p> <p>12 <b>her when she asked you this?</b></p> <p>13 A I said okay. Is there</p> <p>14 anything that we should watch out for</p> <p>15 during this deletion? And she said,</p> <p>16 let me know when you have any questions</p> <p>17 about any files that are being deleted</p> <p>18 and I will answer you as to what the --</p> <p>19 you know, how to proceed.</p> <p>20 <b>Q Did you delete files?</b></p> <p>21 A I was instructed that was the</p> <p>22 premise of my being there, to clean up</p> <p>23 and delete all the user profiles from</p> <p>24 the desktop machines that were not XA</p> <p>25 guest.</p>
<p style="text-align: right;">59</p> <p>1 FARIA</p> <p>2 <b>Did Jean Wilson ever ask you</b></p> <p>3 <b>to wipe all the computers of</b></p> <p>4 <b>information at XA's New York office?</b></p> <p>5 A Yes.</p> <p>6 <b>Q What did she say to you?</b></p> <p>7 A She asked me -- that was the</p> <p>8 second interaction I had with XA at</p> <p>9 Hudson Street. And I basically went in</p> <p>10 and she presented the premise that Ron</p> <p>11 Burkhardt was going to be in charge of</p> <p>12 the New York office, as I stated</p> <p>13 previously. And that XA New York and</p> <p>14 XA Chicago were going their separate</p> <p>15 ways. And under that agreement that</p> <p>16 everything that was there would</p> <p>17 physically stay. She asked me to go</p> <p>18 into each and every desktop machine in</p> <p>19 the office and clear out any user</p> <p>20 accounts except for XA guest account.</p> <p>21 <b>Q What's an XA guest account?</b></p> <p>22 A It's just a generic active</p> <p>23 directory account that could be used to</p> <p>24 log in. You know, companies typically</p> <p>25 have user one or, you know, the name of</p>	<p style="text-align: right;">61</p> <p>1 FARIA</p> <p>2 <b>Q Did you do that?</b></p> <p>3 A I did do that. And</p> <p>4 through -- as I was going through some</p> <p>5 of the profiles I noticed that there --</p> <p>6 some had either large profiles or files</p> <p>7 that, from experience, by the naming</p> <p>8 structure and/or their size seemed</p> <p>9 important to keep. And at any time</p> <p>10 that I came to this juncture and I</p> <p>11 asked Jean, what about this file or</p> <p>12 what about this folder, she proceeded</p> <p>13 to instruct me to continue on with the</p> <p>14 deletion of those files and folders</p> <p>15 from the user profiles.</p> <p>16 MR. MATTHEWS: Would you mark</p> <p>17 this as Exhibit 3.</p> <p>18 (E-mail string between</p> <p>19 Alexis@EXPagency.com to</p> <p>20 PFaria@FarPinsolutions.com, was</p> <p>21 marked Defendant's Exhibit 3, for</p> <p>22 identification, as of this date.)</p> <p>23 <b>Q This is an e-mail that you</b></p> <p>24 <b>provided this morning at approximately</b></p> <p>25 <b>1:55 a.m.</b></p>

16 (Pages 58 to 61)

<p style="text-align: right;">62</p> <p>1 <b>FARIA</b></p> <p>2 A Um-hum.</p> <p>3 Q That is two e-mails,</p> <p>4 actually. Originally it's from</p> <p>5 Alexis@EXPagency.com to</p> <p>6 PFaria@FarPinsolutions.com.</p> <p>7 Is that your e-mail address?</p> <p>8 A That is my e-mail address.</p> <p>9 Q Do you know what the e-mail</p> <p>10 address of Alexis@EXPagency.com is?</p> <p>11 A Yes.</p> <p>12 Q Who is that?</p> <p>13 A Alexis Laken.</p> <p>14 Q Okay.</p> <p>15 She asked Pedro on what day</p> <p>16 did you come to the office and wipe all</p> <p>17 of the computers of all information at</p> <p>18 Jean's insistence? I just need it for</p> <p>19 my timeline. Thank you, Alexis Laken.</p> <p>20 Do you see that?</p> <p>21 A Yes, sir.</p> <p>22 Q Did you respond June 11,</p> <p>23 2014?</p> <p>24 A That's what it looks like.</p> <p>25 Q Does that refresh your</p>	<p style="text-align: right;">64</p> <p>1 <b>FARIA</b></p> <p>2 A Okay.</p> <p>3 Q Between</p> <p>4 Gary@Radiantresources.com.</p> <p>5 Do you know who that is?</p> <p>6 A Yes, sir.</p> <p>7 Q Who is that?</p> <p>8 A That's Gary Ciliberto, my</p> <p>9 contact at Radiant.</p> <p>10 Q And it's between he and</p> <p>11 yourself; is that correct?</p> <p>12 A The last of the thread, yes.</p> <p>13 Q Right.</p> <p>14 The beginning of the thread</p> <p>15 is between Jean Wilson, which is</p> <p>16 Jean@EXPagency.com, correct?</p> <p>17 A Yes.</p> <p>18 Q And Gary?</p> <p>19 A Yes, that's what it looks</p> <p>20 like.</p> <p>21 Q Do you see on Page 2 what</p> <p>22 Jean asks him or states as the purpose</p> <p>23 of this IT visit?</p> <p>24 A Yes.</p> <p>25 Q Okay.</p>
<p style="text-align: right;">63</p> <p>1 <b>FARIA</b></p> <p>2 recollection of when you came to the</p> <p>3 office a second time?</p> <p>4 A I would -- like I mentioned</p> <p>5 before, I would have to go and review</p> <p>6 my e-mails. And if that's the date</p> <p>7 that I responded to her that I went to</p> <p>8 the office, then that's the date I went</p> <p>9 to -- my second visit to Hudson Street</p> <p>10 in New York to clean up the computers</p> <p>11 was on June 11, 2014.</p> <p>12 MR. MATTHEWS: Mark this.</p> <p>13 (E-mail string between</p> <p>14 Gary@Radiantresources.com to</p> <p>15 PFaria@FarPinsolutions.com, was</p> <p>16 marked Defendant's Exhibit 4, for</p> <p>17 identification, as of this date.)</p> <p>18 Q Sir, just take a look at this</p> <p>19 document that's been marked Defendant's</p> <p>20 Exhibit 4.</p> <p>21 And this is also amongst the</p> <p>22 materials that you produced to us.</p> <p>23 A Okay.</p> <p>24 Q It's a five-page e-mail</p> <p>25 string.</p>	<p style="text-align: right;">65</p> <p>1 <b>FARIA</b></p> <p>2 I'm just going to read this</p> <p>3 into the record. It says, Gary, thanks</p> <p>4 so much, 11:00 a.m. on Wednesday would</p> <p>5 be great. We will be going to each</p> <p>6 desktop and removing existing profiles</p> <p>7 and creating new ones for new team</p> <p>8 members and then making sure that they</p> <p>9 are able to print, et cetera. There</p> <p>10 are about ten Dells and four Macs. Not</p> <p>11 all will need a new profile, but all</p> <p>12 need to have existing profile removed.</p> <p>13 And I think there may be one new Mac in</p> <p>14 the box to set-up. We will set a</p> <p>15 priority list for Wednesday, and then</p> <p>16 if there's a follow-up visit needed we</p> <p>17 can schedule accordingly. I want to</p> <p>18 take advantage of me being on-site</p> <p>19 since it is only for the day. We would</p> <p>20 also like to make sure that all</p> <p>21 machines can be logged into using the</p> <p>22 XA guest credentials and can print.</p> <p>23 And then the e-mail goes on with</p> <p>24 respect to that.</p> <p>25 Is that what she told you to</p>

17 (Pages 62 to 65)

<p style="text-align: right;">70</p> <p>1 FARIA</p> <p>2 are user accounts.</p> <p>3 <b>Q Can you give me an example of</b></p> <p>4 <b>a service account?</b></p> <p>5 A Back-up exec is one.</p> <p>6 <b>Q Where is that?</b></p> <p>7 A B.</p> <p>8 <b>Q On the third page?</b></p> <p>9 A On the section page of the</p> <p>10 e-mail on the first page of the Excel,</p> <p>11 back-up exec.</p> <p>12 <b>Q That's a service account?</b></p> <p>13 A Yeah. Back-up exec is a</p> <p>14 backup utility from Symantec. And</p> <p>15 that -- I assume that they created that</p> <p>16 had account because they wanted to</p> <p>17 receive e-mail alerts of backup jobs as</p> <p>18 they occurred. So that's an example of</p> <p>19 a service account. You have others;</p> <p>20 feedback, inquiries, iPad. Anything</p> <p>21 that doesn't have a typical first name</p> <p>22 last name could be considered a service</p> <p>23 account and/or a distribution list like</p> <p>24 Neighbors, VIP XAPR, XARSVP. Those are</p> <p>25 all service accounts.</p>	<p style="text-align: right;">72</p> <p>1 FARIA</p> <p>2 <b>with respect to those e-mail accounts?</b></p> <p>3 A On Windstream servers, no.</p> <p>4 <b>Q What about on other -- in any</b></p> <p>5 <b>other fashion?</b></p> <p>6 A There were -- at some point</p> <p>7 the Lakens regained access to all of</p> <p>8 the hardware in the Chicago and in the</p> <p>9 New York office.</p> <p>10 <b>Q What do you mean by "regained</b></p> <p>11 <b>access"?</b></p> <p>12 A They physically had access to</p> <p>13 whatever was left behind in those</p> <p>14 spaces.</p> <p>15 <b>Q Did they -- I think you said</b></p> <p>16 <b>regained?</b></p> <p>17 A Or gained access or gained</p> <p>18 possession. So XA changed the guard</p> <p>19 three times, right. So there was the</p> <p>20 time that I went there the first time</p> <p>21 under the direction of Jean Wilson.</p> <p>22 There was the second time that Jean</p> <p>23 Wilson said that Ron Burkhardt was now</p> <p>24 the person in charge of XA New York.</p> <p>25 And then the third time, which was when</p>
<p style="text-align: right;">71</p> <p>1 FARIA</p> <p>2 <b>Q And in this time in</b></p> <p>3 <b>December 2014, Jean Wilson, Jeff Smith,</b></p> <p>4 <b>Jessie Lomma, Darren Andereck; they</b></p> <p>5 <b>were all no longer affiliated with XA,</b></p> <p>6 <b>correct?</b></p> <p>7 A Yes. And these accounts --</p> <p>8 and you see these mailboxes here</p> <p>9 because they were recovered --</p> <p>10 requested to be recovered by Glenn</p> <p>11 Laken from Windstream from Windstream's</p> <p>12 back-ups.</p> <p>13 <b>Q Did you recover them?</b></p> <p>14 A I did not recover them.</p> <p>15 Windstream recovered them.</p> <p>16 <b>Q So by December 4, 2014, they</b></p> <p>17 <b>were recovered?</b></p> <p>18 A They were recovered from a</p> <p>19 point in time.</p> <p>20 <b>Q Right.</b></p> <p>21 A Right.</p> <p>22 <b>Q Was any further recovery ever</b></p> <p>23 <b>done with respect to those accounts?</b></p> <p>24 A No, not from Windstream.</p> <p>25 <b>Q Did you ever do any recovery</b></p>	<p style="text-align: right;">73</p> <p>1 FARIA</p> <p>2 they contacted me to assist them and</p> <p>3 when I became their IT person.</p> <p>4 <b>Q Under the Lakens Management?</b></p> <p>5 A Under the Lakens Management.</p> <p>6 So they had access to these spaces and</p> <p>7 access to whatever hardware was left</p> <p>8 behind. And they requested my input</p> <p>9 and expertise on what should they do</p> <p>10 with what was left behind. I said the</p> <p>11 desktops aren't really necessary, what</p> <p>12 is most critically important is to keep</p> <p>13 all the hard drives from any and all</p> <p>14 equipment. So they kept the hard</p> <p>15 drives. They sent them to me where we,</p> <p>16 in different points in time, did</p> <p>17 different methods of recovery. So from</p> <p>18 the profiles and things that I had</p> <p>19 originally deleted.</p> <p>20 <b>Q Let's back up a little bit.</b></p> <p>21 <b>You said that they recovered</b></p> <p>22 <b>these e-mails from Windstream. I'm</b></p> <p>23 <b>going to show you a document.</b></p> <p>24 MR. MATTHEWS: Please mark it</p> <p>25 as Exhibit 6.</p>

19 (Pages 70 to 73)

<p>74</p> <p>1 FARIA</p> <p>2 (E-mail from</p> <p>3 PFaria@FarPinsolutions.com dated</p> <p>4 9/30/14 to Alexis Laken, was</p> <p>5 marked Defendant's Exhibit 6, for</p> <p>6 identification, as of this date.)</p> <p>7 <b>Q This is an e-mail that you</b></p> <p>8 <b>provided, sir.</b></p> <p>9 A Um-hum.</p> <p>10 <b>Q That is an e-mail from you</b></p> <p>11 <b>apparently to Alexis Laken; is that</b></p> <p>12 <b>correct?</b></p> <p>13 A Yes.</p> <p>14 <b>Q Dated September 30, 2014.</b></p> <p>15 <b>Do you see that?</b></p> <p>16 A Yes.</p> <p>17 <b>Q Entitled EXP agency e-mail</b></p> <p>18 <b>recovery access.</b></p> <p>19 <b>Do you see that?</b></p> <p>20 A Yes, sir.</p> <p>21 <b>Q And it says, Hi, Alexis, all</b></p> <p>22 <b>five e-mail accounts have been</b></p> <p>23 <b>recovered. Jessie, Jeff, Darren,</b></p> <p>24 <b>Natalia, Mike.</b></p> <p>25 <b>Do you see that?</b></p>	<p>76</p> <p>1 FARIA</p> <p>2 which they had been all recovered by.</p> <p>3 <b>Q But you don't know how far</b></p> <p>4 <b>back they -- they were backed up?</b></p> <p>5 A The backups -- so</p> <p>6 Windstream -- because the backups from</p> <p>7 the tenant portal had already all been</p> <p>8 removed as stated in the logs of</p> <p>9 Exhibit 2, when the Lakens regained</p> <p>10 access -- with my assistance we were</p> <p>11 able to regain access into the</p> <p>12 administrator tenant profile of</p> <p>13 Windstream. So because all of those</p> <p>14 recovered points had been removed from</p> <p>15 that tenant access, we had to contact</p> <p>16 and elevate a ticket with Windstream</p> <p>17 for Windstream technical support as to</p> <p>18 information as to if they had backups</p> <p>19 and if things could be recovered from</p> <p>20 those backups. And the manner in which</p> <p>21 that those -- it worked was you had to</p> <p>22 pay per instance per point in time</p> <p>23 recovery that you wanted to go back to.</p> <p>24 The Lakens agreed to only one point in</p> <p>25 time recovery to go back to. I don't</p>
<p>75</p> <p>1 FARIA</p> <p>2 A Um-hum.</p> <p>3 <b>Q Does that indicate that by</b></p> <p>4 <b>September 30th, 2014, all five of those</b></p> <p>5 <b>e-mail accounts had been recovered?</b></p> <p>6 A Yes. Recovered from the</p> <p>7 point in time recovery as we discussed</p> <p>8 from the attachment from the</p> <p>9 December 4th e-mail.</p> <p>10 <b>Q Right.</b></p> <p>11 <b>And this was done by</b></p> <p>12 <b>September 30th?</b></p> <p>13 A Right. Because -- and this</p> <p>14 was done by Windstream at the request</p> <p>15 of Glenn Laken.</p> <p>16 <b>Q And the record that I showed</b></p> <p>17 <b>you earlier seemed to suggest that</b></p> <p>18 <b>these e-mail accounts were deleted on</b></p> <p>19 <b>or about September 10th, correct?</b></p> <p>20 A That's correct.</p> <p>21 <b>Q So there's about a 20 day</b></p> <p>22 <b>period when they were deleted?</b></p> <p>23 A I don't recall the date of</p> <p>24 which the e-mail accounts were</p> <p>25 recovered from. This is the time in</p>	<p>77</p> <p>1 FARIA</p> <p>2 recall the date of that point in time</p> <p>3 recovery that was agreed upon. And</p> <p>4 that recovery of that point in time to</p> <p>5 be determined had occurred by</p> <p>6 September 30th, 2014.</p> <p>7 <b>Q All right.</b></p> <p>8 <b>And when you looked at</b></p> <p>9 <b>Exhibit 2 we only saw that one week of</b></p> <p>10 <b>backups had been deleted, according to</b></p> <p>11 <b>Exhibit 2, correct?</b></p> <p>12 A According to Exhibit 2.</p> <p>13 <b>Q Okay.</b></p> <p>14 A Well, not necessarily -- hold</p> <p>15 on. No, more than that. Because all</p> <p>16 the -- many recovery points dated</p> <p>17 August 30th from Page 29, Page 30, Page</p> <p>18 31, then Page 31 talks about</p> <p>19 September 6th.</p> <p>20 <b>Q Where does it say that?</b></p> <p>21 A Page 31?</p> <p>22 <b>Q Yes.</b></p> <p>23 A The weekly files have a</p> <p>24 September 6th date.</p> <p>25 <b>Q Okay.</b></p>

20 (Pages 74 to 77)

<p>90</p> <p>1 FARIA</p> <p>2 A I went back to the New York</p> <p>3 office because John Wilken, Sarah</p> <p>4 Alexis, they were the ones currently</p> <p>5 running and operating XA. And to help</p> <p>6 and assist them with their Macs and</p> <p>7 e-mail access; yes, I did go back. I</p> <p>8 don't recall the date exactly, I would</p> <p>9 have to go back to my log.</p> <p>10 Q Was there office furniture in</p> <p>11 the office then?</p> <p>12 A Yeah. Everything looked as</p> <p>13 normal as it had the last time. Again,</p> <p>14 I took no inventory of both of my</p> <p>15 initial visits to the XA Hudson Street</p> <p>16 office, so upon my return back things</p> <p>17 looked like everything was. But I do</p> <p>18 not know for sure since inventory was</p> <p>19 not taken and accounted for.</p> <p>20 Q Thank you.</p> <p>21 Do you know when XA first</p> <p>22 filed this lawsuit?</p> <p>23 A I don't know dates of</p> <p>24 lawsuits filed.</p> <p>25 Q Do you know whether it was</p>	<p>92</p> <p>1 FARIA</p> <p>2 me.</p> <p>3 Q You have not recollection of</p> <p>4 ever speaking with him?</p> <p>5 A That's correct.</p> <p>6 Q Have you ever spoken or</p> <p>7 communicated with Lawrence Steckman</p> <p>8 regarding this lawsuit?</p> <p>9 A Yes, that is the lawyer --</p> <p>10 the EVW lawyers, I believe, under the</p> <p>11 Ron Burkhardt litigation process.</p> <p>12 Prior to Mr. Seth they were the Lakens</p> <p>13 counsel.</p> <p>14 Q Have you ever spoken with</p> <p>15 Robert Rickner?</p> <p>16 A Yes.</p> <p>17 Q He falls within the EVW</p> <p>18 lawyers?</p> <p>19 A Yes. There were four or five</p> <p>20 EVW lawyers. I have e-mails from --</p> <p>21 threads.</p> <p>22 Q Was Paul Leiberman one of</p> <p>23 them?</p> <p>24 A Sounds familiar, yes.</p> <p>25 Q Have you ever spoken with</p>
<p>91</p> <p>1 FARIA</p> <p>2 filed before October 1, 2014?</p> <p>3 A I -- I don't know dates of</p> <p>4 when lawsuits were filed.</p> <p>5 Q When did Glenn Laken first</p> <p>6 tell you that there was a lawsuit</p> <p>7 involving XA and some of its former</p> <p>8 employees?</p> <p>9 A I don't recall the date of</p> <p>10 that conversation.</p> <p>11 Q Do you know whether it was</p> <p>12 before this e-mail?</p> <p>13 A At this point, from memory,</p> <p>14 they knew that something fishy had</p> <p>15 happened and they were looking to get</p> <p>16 to the bottom of it. I don't recall</p> <p>17 them telling me when the date of a</p> <p>18 lawsuit was filed.</p> <p>19 Q Have you ever spoken with</p> <p>20 Richard Roth regarding this matter?</p> <p>21 A Richard Roth? Who is Richard</p> <p>22 Roth?</p> <p>23 Q I said, have you ever spoken</p> <p>24 with him?</p> <p>25 A That name is not familiar to</p>	<p>93</p> <p>1 FARIA</p> <p>2 David Boies regarding this lawsuit?</p> <p>3 A David Boies does not sound</p> <p>4 like a familiar name.</p> <p>5 Q Anyone at the Boies law firm?</p> <p>6 A That does not sound familiar.</p> <p>7 Q Have you been retained as an</p> <p>8 expert in this lawsuit?</p> <p>9 A No. No contract or any</p> <p>10 information has been offered or</p> <p>11 provided. They have, I guess, some</p> <p>12 sort of deposition, just like what</p> <p>13 we're doing today, asking information</p> <p>14 and timeline and processes done.</p> <p>15 Q Is XA paying for your time</p> <p>16 today?</p> <p>17 A No. I have a check for \$55</p> <p>18 that came with the subpoena, but it's</p> <p>19 still not cashed. I don't know where</p> <p>20 that check came from. I am not being</p> <p>21 paid for my time.</p> <p>22 Q The check was the witness</p> <p>23 fee, correct?</p> <p>24 A I don't know. I never did a</p> <p>25 subpoena before. So I don't know how</p>

24 (Pages 90 to 93)

<p style="text-align: right;">94</p> <p>1 FARIA</p> <p>2 you want me to answer. I -- this is my</p> <p>3 first time. There's a check. I'm not</p> <p>4 going to cash a check unless I know</p> <p>5 exactly who it's from and what the</p> <p>6 purpose is of it because then it may</p> <p>7 legally bind me in agreement to</p> <p>8 something I may not necessarily agree.</p> <p>9 So the check is right here, I could</p> <p>10 show you if you'd like.</p> <p>11 <b>Q Why don't you.</b></p> <p>12 A This document is as I</p> <p>13 received it. Left in my office by the</p> <p>14 server that he could not locate.</p> <p>15 <b>Q This is a check under Federal</b></p> <p>16 <b>Law that you are entitled to these fees</b></p> <p>17 <b>as -- for travel and for witness fees</b></p> <p>18 <b>at a deposition.</b></p> <p>19 A It barely covers travel.</p> <p>20 <b>Q This is what the statutes</b></p> <p>21 <b>allow for. I just want to make sure</b></p> <p>22 <b>that you understand that it is -- no</b></p> <p>23 <b>way connotes any agreement to testify</b></p> <p>24 <b>in any certain way or on behalf of any</b></p> <p>25 <b>party.</b></p>	<p style="text-align: right;">96</p> <p>1 FARIA</p> <p>2 with Barbara and her assistant remotely</p> <p>3 and over the phone and with eventually</p> <p>4 remote access to the remaining servers</p> <p>5 in the Chicago office, under my</p> <p>6 instruction I -- they said, do we need</p> <p>7 to keep all the computers? No, we only</p> <p>8 need the hard drives. And in order to</p> <p>9 save money to only have the data and</p> <p>10 not have to move the complete physical</p> <p>11 servers out of the Chicago office, I</p> <p>12 instructed them to buy a couple of USB</p> <p>13 drives. We plugged them into the</p> <p>14 servers that were functioning in</p> <p>15 Chicago and proceeded to copy any data</p> <p>16 off of those servers into said USB</p> <p>17 drives. Then --</p> <p>18 <b>Q One second.</b></p> <p>19 <b>Did you do that personally?</b></p> <p>20 A I did that myself.</p> <p>21 <b>Q You went to Chicago?</b></p> <p>22 A I remotely accessed Chicago</p> <p>23 through the internet and Barbara's</p> <p>24 laptop.</p> <p>25 <b>Q And they physically plugged</b></p>
<p style="text-align: right;">95</p> <p>1 FARIA</p> <p>2 A Okay. Thank you.</p> <p>3 <b>Q Starting from the time that</b></p> <p>4 <b>Mr. Laken contacted you, asked you to</b></p> <p>5 <b>conduct an investigation on behalf of</b></p> <p>6 <b>XA, what did you do as part of that</b></p> <p>7 <b>investigation?</b></p> <p>8 A So initially we started with</p> <p>9 the Windstream e-mail recovery. Then</p> <p>10 as-needed and when they had questions</p> <p>11 they would contact me. So at one</p> <p>12 point -- I don't recall exactly the</p> <p>13 timeline, I would have to go back to</p> <p>14 e-mails, but -- and it may be off. So</p> <p>15 at one point the New York Hudson Street</p> <p>16 office gets closed. And if my memory</p> <p>17 serves me correctly Alexis moved</p> <p>18 anything that they desired to keep to a</p> <p>19 storage unit somewhere in Newark. Then</p> <p>20 I get a call from Barbara that they</p> <p>21 have to vacate the Chicago office for</p> <p>22 whatever terms, that the landlord</p> <p>23 spaces, monies, they couldn't --</p> <p>24 whatever the reason, they have to</p> <p>25 vacate the Chicago office. So along</p>	<p style="text-align: right;">97</p> <p>1 FARIA</p> <p>2 <b>the USB drive into the server?</b></p> <p>3 A They physically plugged the</p> <p>4 USB drivers or -- I don't recall --</p> <p>5 there must have been internet. I don't</p> <p>6 recall exactly the intermediate steps</p> <p>7 of the process. I recall that I</p> <p>8 remoted into servers and I copied files</p> <p>9 from the servers into USB drives.</p> <p>10 <b>Q Okay.</b></p> <p>11 <b>Sorry. Go ahead.</b></p> <p>12 A Then there were a series of</p> <p>13 hard drives that were -- or a server</p> <p>14 that would not turn on for whatever</p> <p>15 reason, hardware failure. So I</p> <p>16 instructed them to remove those hard</p> <p>17 drives and label those hard drives</p> <p>18 appropriately because I, in my</p> <p>19 possession, had a server of the exact</p> <p>20 same hardware configuration, and that I</p> <p>21 would be able to insert those hard</p> <p>22 drives into said server and bring that</p> <p>23 server up in order to gain access to</p> <p>24 whatever data was inside of it.</p> <p>25 So they proceeded to -- I</p>

25 (Pages 94 to 97)

<p style="text-align: right;">98</p> <p>1 FARIA</p> <p>2 guess -- it must have happened in this</p> <p>3 fashion that Barbara sent a package to</p> <p>4 Alexis, and then Alexis sent a package</p> <p>5 to my office. I ended up receiving in</p> <p>6 my office the server that I had set-up</p> <p>7 new in the first visit to XA New York,</p> <p>8 and a variety of hard drives from</p> <p>9 computers from Chicago and New York.</p> <p>10 <b>Q Was the package opened by</b></p> <p>11 <b>Alexis?</b></p> <p>12 A Well, I don't know what</p> <p>13 Alexis did or didn't. I'm stating that</p> <p>14 I received in one package in my office</p> <p>15 both Chicago and New Jersey. I mean,</p> <p>16 Chicago and New York hardware in my</p> <p>17 office. I don't know what happened</p> <p>18 from the time it left Chicago to the</p> <p>19 time that it arrived in my office.</p> <p>20 <b>Q Is it still in your office</b></p> <p>21 <b>today?</b></p> <p>22 A No, sir, it is not.</p> <p>23 <b>Q Where is it now?</b></p> <p>24 A Currently right now I believe</p> <p>25 it's in a -- I believe you have an</p>	<p style="text-align: right;">100</p> <p>1 FARIA</p> <p>2 is overwritten with data, when you</p> <p>3 delete files off of a hard drive you're</p> <p>4 literally just deleting the index</p> <p>5 thereof. So a deep scan of the hard</p> <p>6 drive therefore has a high likelihood</p> <p>7 of the ability of data to be recovered.</p> <p>8 <b>Q Did you perform a deep scan?</b></p> <p>9 A I performed a scan. Then for</p> <p>10 the litigation and custody process the</p> <p>11 company was contracted to do one in a</p> <p>12 manner which is deemed appropriate for</p> <p>13 the litigation and the cases.</p> <p>14 <b>Q Is the scan that you did not</b></p> <p>15 <b>deemed appropriate for litigation?</b></p> <p>16 A Well, I had -- I never wrote</p> <p>17 any files to the hard drives. I just</p> <p>18 plugged them in and I ran applications</p> <p>19 that I have to run the deep scan.</p> <p>20 There was -- however, the process</p> <p>21 wasn't entirely up to the best</p> <p>22 practices so they deemed it necessary</p> <p>23 to send it out to a company that has</p> <p>24 more experience in recovery, cataloging</p> <p>25 and indexing of electronic data in</p>
<p style="text-align: right;">99</p> <p>1 FARIA</p> <p>2 e-mail in there about a company. Oh,</p> <p>3 it's in the Midwest.</p> <p>4 <b>Q United Lex?</b></p> <p>5 A Sounds like that. United Lex</p> <p>6 sounds like the company that the</p> <p>7 hardware is all currently at, as far as</p> <p>8 I know.</p> <p>9 <b>Q When was it provided to a</b></p> <p>10 <b>company that sounds like United Lex?</b></p> <p>11 A I would have to look at my</p> <p>12 e-mails and see when I provided</p> <p>13 Mr. Laken with the tracking number for</p> <p>14 the package that went to United Lex.</p> <p>15 <b>Q You sent it to the Midwest</b></p> <p>16 <b>company?</b></p> <p>17 A I did.</p> <p>18 <b>Q Do you know -- what was the</b></p> <p>19 <b>purpose of sending it?</b></p> <p>20 A Discovery and recovery of</p> <p>21 information off of the devices.</p> <p>22 <b>Q What was the recovery</b></p> <p>23 <b>portion?</b></p> <p>24 A The recovery portion comes</p> <p>25 from the fact that unless a hard drive</p>	<p style="text-align: right;">101</p> <p>1 FARIA</p> <p>2 order to assist the Lakens with the</p> <p>3 litigious process.</p> <p>4 <b>Q Do you know whether or not</b></p> <p>5 <b>the scan that you performed impacted</b></p> <p>6 <b>any of the data on the hard drive?</b></p> <p>7 A From experience and what I</p> <p>8 know, the scan that I performed did not</p> <p>9 impact any data on the hard drive.</p> <p>10 <b>Q Take a break.</b></p> <p>11 <b>(Whereupon, a brief recess</b></p> <p>12 <b>was taken.)</b></p> <p>13 <b>Q Did you review -- as part of</b></p> <p>14 <b>your investigation, did you review</b></p> <p>15 <b>individual XA employees' e-mails?</b></p> <p>16 A No. I provided access and --</p> <p>17 provided access as requested.</p> <p>18 <b>Q What was requested?</b></p> <p>19 A Well, for the Ron</p> <p>20 Burkhardt -- for the Ron Burkhardt</p> <p>21 discovery, in order to save the Lakens</p> <p>22 money with the lawyers I created a</p> <p>23 sandbox exchange server and uploaded to</p> <p>24 the server the PST files that I had</p> <p>25 access to from the Windstream back-up</p>

<p style="text-align: right;">102</p> <p>1 FARIA</p> <p>2 that I made upon gaining access. So</p> <p>3 for the Ron Burkhardt discovery, to</p> <p>4 make my life easier and to assist the</p> <p>5 Lakens in their -- in maintaining their</p> <p>6 costs low, I searched for terms</p> <p>7 provided by Robert Rickner and his team</p> <p>8 against the exchange server that I</p> <p>9 setup to only provide them with valid</p> <p>10 or -- you know, it was a ridiculous</p> <p>11 amount of e-mails in terms of size and</p> <p>12 numbers, so to provide them with a</p> <p>13 smaller data source in relation to the</p> <p>14 terms requested.</p> <p>15 I'm sorry. I did not go</p> <p>16 through each mailbox and review</p> <p>17 e-mails. I imported the e-mails -- the</p> <p>18 PSTs into the exchange server, waited</p> <p>19 for the exchange server to index, and</p> <p>20 upon it being ready for index I ran the</p> <p>21 searches based on terms provided by</p> <p>22 Robert Rickner and team. And then</p> <p>23 provided to them to results of the</p> <p>24 searches. I did not review or</p> <p>25 investigate any of the employees'</p>	<p style="text-align: right;">104</p> <p>1 FARIA</p> <p>2 <b>Q And that's customary to</b></p> <p>3 <b>perform a mirror image so that you</b></p> <p>4 <b>don't lose any data?</b></p> <p>5 MR. LEHRMAN: Form.</p> <p>6 A I had not had any experience</p> <p>7 with recovery and the need requirements</p> <p>8 of chain custody of -- during the</p> <p>9 litigious process.</p> <p>10 I copied active files from</p> <p>11 the Chicago servers to a USB drive. I</p> <p>12 did not make any mirror images of any</p> <p>13 data. I believe that's why everything</p> <p>14 was sent to United Lex in Kansas City,</p> <p>15 I think they are, to provide the</p> <p>16 proper -- the discovery and the</p> <p>17 recovery under their expertise and</p> <p>18 ability to comply with the case.</p> <p>19 <b>Q Did you review any text</b></p> <p>20 <b>messages?</b></p> <p>21 A Review text messages? More</p> <p>22 detail.</p> <p>23 <b>Q Did you gain access to any</b></p> <p>24 <b>text messages that were stored on the</b></p> <p>25 <b>XA servers or XA company property and</b></p>
<p style="text-align: right;">103</p> <p>1 FARIA</p> <p>2 e-mails.</p> <p>3 <b>Q So you didn't search for</b></p> <p>4 <b>e-mails that would suggest that a</b></p> <p>5 <b>certain employee was taking an XA</b></p> <p>6 <b>business opportunity?</b></p> <p>7 A I did not search e-mails. I</p> <p>8 provided access to Alexis, and John</p> <p>9 Winkler and Barbara Laken to anything</p> <p>10 that they requested in terms of e-mails</p> <p>11 and things of that nature. I did not</p> <p>12 search -- and the only search that I</p> <p>13 did was within the confounds of what I</p> <p>14 uploaded to the exchange server that I</p> <p>15 created based on the terms requested</p> <p>16 during the Ron Burkhardt litigation.</p> <p>17 <b>Q You didn't review the content</b></p> <p>18 <b>of the e-mail?</b></p> <p>19 A I did not review the contents</p> <p>20 of the e-mails.</p> <p>21 <b>Q Thank you.</b></p> <p>22 <b>Did you perform a mirror</b></p> <p>23 <b>image of any servers when you were</b></p> <p>24 <b>doing your investigation?</b></p> <p>25 A No, I did not.</p>	<p style="text-align: right;">105</p> <p>1 FARIA</p> <p>2 <b>deliver that as part of your</b></p> <p>3 <b>investigation?</b></p> <p>4 A I don't recall dealing with</p> <p>5 anything ever related to text messages.</p> <p>6 <b>Q Did you find any -- did you</b></p> <p>7 <b>do any review of documents or data</b></p> <p>8 <b>regarding credit card bills?</b></p> <p>9 A No. I don't recall. I</p> <p>10 gave -- like I said, I gave access to</p> <p>11 the -- so when the servers came -- when</p> <p>12 the box came with the New York and the</p> <p>13 Chicago information, I turned on the</p> <p>14 New York server. The hard drives that</p> <p>15 were brought from Chicago for the</p> <p>16 server that didn't turn on I inserted</p> <p>17 into a physical server that I had in</p> <p>18 good hardware condition. And that's --</p> <p>19 we were able to boot up from the hard</p> <p>20 drives from Chicago and gain access to</p> <p>21 that box. At that point I installed</p> <p>22 Team Viewer on both of those servers</p> <p>23 and provided Barbara Laken access to</p> <p>24 the servers. And to those servers I</p> <p>25 plugged in the USB drives from Chicago,</p>

27 (Pages 102 to 105)

<p style="text-align: right;">142</p> <p>1 <b>FARIA</b></p> <p>2 A Yes. I exported and</p> <p>3 downloaded a PST file.</p> <p>4 Q And the PST file is the</p> <p>5 collection of offline e-mail files that</p> <p>6 you described earlier?</p> <p>7 A It's the whole mailbox in</p> <p>8 offline form.</p> <p>9 Q So the whole mailbox includes</p> <p>10 the e-mails in the mailbox and any</p> <p>11 attachments to the e-mails?</p> <p>12 A E-mails, attachments,</p> <p>13 contacts, calendar, notes, anything</p> <p>14 that's -- exists within the mailbox.</p> <p>15 Q Other than what you've just</p> <p>16 described -- and you backed up all of</p> <p>17 that, correct?</p> <p>18 A Yes. I exported them out of</p> <p>19 Windstream and then proceeded to delete</p> <p>20 them from Windstream.</p> <p>21 Q And what you just described</p> <p>22 in terms of what you did in that</p> <p>23 instance to back-up the user file,</p> <p>24 which includes the mailbox in the form</p> <p>25 of a PST file and then to delete the</p>	<p style="text-align: right;">144</p> <p>1 <b>FARIA</b></p> <p>2 the user profile, including the mailbox</p> <p>3 and the PST files; is that correct?</p> <p>4 A So the computer keeps a local</p> <p>5 copy of the PST file. So you set-up a</p> <p>6 Outlook, you connect it to the server,</p> <p>7 it keeps a local file called OST. And</p> <p>8 that OST file is the local copy for</p> <p>9 Outlook which is a similar copy to that</p> <p>10 on the server. When you delete the</p> <p>11 local profile you're only deleting all</p> <p>12 the local content on that machine. The</p> <p>13 online server is a separate entity.</p> <p>14 And so the second visit to XA I deleted</p> <p>15 all the local profiles from the</p> <p>16 desktops. That transaction on</p> <p>17 Exhibit 16 is me cleaning up the</p> <p>18 Windstream online exchange server of</p> <p>19 user of -- user mailboxes that were no</p> <p>20 longer needed in order to keep the</p> <p>21 costs down, the monthly overhead</p> <p>22 expense cost down.</p> <p>23 Q And before you -- during your</p> <p>24 second visit to XA's New York offices</p> <p>25 after Jean Wilson instructed you to</p>
<p style="text-align: right;">143</p> <p>1 <b>FARIA</b></p> <p>2 user file, does that accurately reflect</p> <p>3 what you customarily do in deleting</p> <p>4 user files?</p> <p>5 A Yes.</p> <p>6 Q Okay.</p> <p>7 And, again, just to confirm,</p> <p>8 in your personal practice, in your IT</p> <p>9 experience, is it your practice to back</p> <p>10 up user files in the way you've</p> <p>11 described before deleting them?</p> <p>12 A Yes.</p> <p>13 Q Again, go back to your</p> <p>14 earlier testimony, what you described</p> <p>15 as, I think it's your second visit to</p> <p>16 XA's offices in New York, right?</p> <p>17 A Yes.</p> <p>18 Q And that's the time where</p> <p>19 your testimony was that Jean Wilson</p> <p>20 instructed you to delete the user</p> <p>21 accounts, correct?</p> <p>22 A The user profiles from the</p> <p>23 desktops.</p> <p>24 Q And you understood that</p> <p>25 instruction to require you to delete</p>	<p style="text-align: right;">145</p> <p>1 <b>FARIA</b></p> <p>2 delete the user profiles, you did</p> <p>3 delete the user profiles from the local</p> <p>4 copy as you explained, right?</p> <p>5 A Yes.</p> <p>6 Q You indicated earlier that</p> <p>7 you did not first make a backup of</p> <p>8 those user profiles, correct?</p> <p>9 A Right. I was -- I did not</p> <p>10 make a backup. I was not instructed to</p> <p>11 make a backup.</p> <p>12 Q I think you indicated there</p> <p>13 was some conversation that you had with</p> <p>14 Jean Wilson after she first instructed</p> <p>15 you and before you actually deleted the</p> <p>16 user profile, correct?</p> <p>17 A Yes. I have a habit that</p> <p>18 before I delete I kind of do -- either</p> <p>19 search for a number of files or search</p> <p>20 of size and then look to see what is.</p> <p>21 So if a profile is only ten megabytes,</p> <p>22 there's really a very low likelihood of</p> <p>23 having anything important. When the</p> <p>24 profile is two gigs there's a much</p> <p>25 higher likelihood of having documents</p>

2 or information on there that is needed

3 to be preserved. Whenever it went on

4 my personal side, that raised the red

5 flag. And on those occasions I would

6 ask Ms. Jean Wilson, is there anything

7 here that you would like to keep. I

8 found these files, they're larger than

9 the normal stuff. It looks to be like

10 the user used this desktop to actually

11 produce work, not to just browse the

12 internet. And she instructed me to

13 proceed with the deletion of the files.

14 Q I just want to breakdown this

15 process and the series of

16 communications in a more kind of

17 one-by-one way.

18 A Okay.

19 Q So after Ms. Wilson

20 instructed you to delete user profiles,

21 you proceeded to review each user

22 profile one-by-one?

23 A On each computer, yes.

24 Q On each computer.

25 And as you reviewed each user

147

1 FARIA

2 profile on each computer, you were

3 assessing the volume of files

4 associated with that user profile; is

5 that right?

6 A Yes.

7 Q And if the volume of files

8 associated with the user profile

9 exceeded a certain amount, that would

10 prompt you to go and confirm with

11 Ms. Wilson whether or not she wanted

12 you to backup any of those files; is

13 that right?

14 MR. MATTHEWS: Objection. Go

15 ahead.

16 A If she wanted to keep a copy

17 before deletion on the server, that's

18 correct.

19 Q And was there -- and was

20 there one time or more than one time

21 that you went to Ms. Wilson and --

22 strike that.

23 You had indicated that there

24 were, in multiple instances, where you

25 were reviewing individual user profiles

148

1 FARIA

2 on machines where the volume was

3 significant enough that prompted you to

4 go see Ms. Wilson, right?

5 A Yes.

6 Q And on any of those occasions

7 did Ms. Wilson instruct you to save a

8 local copy on that machine before

9 deleting that user profile?

10 A No.

11 Q And, again, that practice of

12 not backing up a user profile that had

13 that volume of files associated with it

14 was inconsistent with your personal

15 practice in your line of work; is that

16 right?

17 A Yes, that's correct.

18 Q Again, I apologize if I'm

19 repeating something, but in your

20 initial visit to XA's offices in

21 New York, you indicated that you set

22 the server, copier, SonicWall, Firewall

23 rules that would -- that were related

24 to transmission of files between the

25 Chicago and New York office; is that

149

1 FARIA

2 right?

3 A Yes.

4 Q At that time was there a

5 backup system in the New York offices?

6 A The new server included, as

7 stated, that there was -- a part of the

8 hardware configuration was a cartridge

9 drive, and I installed and set-up the

10 software to run local backups of the

11 New York server into said cartridge.

12 The maintenance and the removal and

13 replacement of cartridges was not a

14 part of my duty, and I don't know under

15 whose control it is.

16 Q That's what I want to

17 understand. And I appreciate you

18 clarifying that.

19 So, in other words, the

20 server that you set-up, that was what

21 you then later indicated -- identified

22 as a file server?

23 A Yes.

24 Q Right.

25 And the file server had the

<p style="text-align: right;">154</p> <p>1 <b>FARIA</b></p> <p>2 <b>understand, what is the -- what you've</b></p> <p>3 <b>identified now as the tenant console</b></p> <p>4 <b>that you've testified about?</b></p> <p>5 A So Windstream is a service</p> <p>6 provider that provides exchanges in the</p> <p>7 cloud such as an Office 365 type of</p> <p>8 service. So they are basically the</p> <p>9 landlord. They have the servers, they</p> <p>10 own the back end, they have everything</p> <p>11 set up and configured. When you</p> <p>12 inquire in Windstream about hosting</p> <p>13 your e-mail server, you have now become</p> <p>14 a tenant so you only have access to</p> <p>15 your sandbox, your mailboxes, your</p> <p>16 whatever it is that you have -- are</p> <p>17 under contractual obligation with</p> <p>18 them. Windstream has a landlord style</p> <p>19 access to all the tenants -- to all the</p> <p>20 tenants' contents.</p> <p>21 Q So this Windstream console,</p> <p>22 the tenant system that you've</p> <p>23 described, this was something that you</p> <p>24 used to access the XA user -- strike</p> <p>25 that.</p>	<p style="text-align: right;">156</p> <p>1 <b>FARIA</b></p> <p>2 A Yes.</p> <p>3 Q And there would be a log</p> <p>4 that's -- that could be accessed to</p> <p>5 identify those occasions where you</p> <p>6 logged in; is that right?</p> <p>7 A Yes.</p> <p>8 Q And there would likewise be a</p> <p>9 log identifying occasions where anyone</p> <p>10 logged in; is that right?</p> <p>11 A That's correct.</p> <p>12 Q Another kind of category of</p> <p>13 work that you did in connection with</p> <p>14 this was you indicated that you had</p> <p>15 remotely gotten access to an XA server</p> <p>16 that was in Chicago, correct?</p> <p>17 A Yes.</p> <p>18 Q And that Barbara Laken had</p> <p>19 plugged in USB drives into servers and</p> <p>20 other computers in Chicago, correct?</p> <p>21 A Just servers.</p> <p>22 MR. MATTHEWS: Objection.</p> <p>23 Q Just servers?</p> <p>24 A Just servers. The computers,</p> <p>25 I instructed them to remove the hard</p>
<p style="text-align: right;">155</p> <p>1 <b>FARIA</b></p> <p>2 <b>When you talked about</b></p> <p>3 <b>accessing XA e-mail, it was done in</b></p> <p>4 <b>part by -- through the Windstream</b></p> <p>5 <b>console you've described; is that</b></p> <p>6 <b>right?</b></p> <p>7 A Yes.</p> <p>8 MR. MATTHEWS: Objection.</p> <p>9 Q And when you're using the</p> <p>10 Windstream console, are you accessing</p> <p>11 e-mail that exists on a local computer</p> <p>12 on an e-mail server in the cloud or</p> <p>13 somewhere else?</p> <p>14 A E-mail server in the cloud,</p> <p>15 the off location wherever Windstream</p> <p>16 holds their hardware. It's an internet</p> <p>17 connection to the Windstream</p> <p>18 infrastructure, if you will, and only</p> <p>19 having access to your tenant. And any</p> <p>20 action would produce a log of similar</p> <p>21 fashion as Exhibit 2.</p> <p>22 Q So all the instances in which</p> <p>23 you personally -- there were instances</p> <p>24 where you logged in through the</p> <p>25 Windstream console, correct?</p>	<p style="text-align: right;">157</p> <p>1 <b>FARIA</b></p> <p>2 drives.</p> <p>3 Q Okay.</p> <p>4 A And chuck the hardware and</p> <p>5 keep the hard drives for recovery.</p> <p>6 Q So that's what I want to ask</p> <p>7 you about.</p> <p>8 So you had assisted with the</p> <p>9 remote copying of data from one XA</p> <p>10 server in Chicago; is that right?</p> <p>11 A I believe it was two or three</p> <p>12 servers, I don't remember exactly.</p> <p>13 Q So you had remotely assisted</p> <p>14 with the copying of data from two or</p> <p>15 three servers of XA's in Chicago; is</p> <p>16 that right?</p> <p>17 A To the USB drives, that's</p> <p>18 correct.</p> <p>19 Q To the USB drives.</p> <p>20 And then those USB drives</p> <p>21 that you had assisted in copying server</p> <p>22 data onto, were those USB drives</p> <p>23 included with what you sent to</p> <p>24 UnitedLex?</p> <p>25 A Yes. The copies were done</p>
